

Submitting SSDM 2014 Papers to JJAP Special Issues

Dear SSDM 2014 Authors:

Authors of SSDM 2014 papers are encouraged to submit their original papers on the significant part of their work presented at SSDM 2014 to the Special Issues of Japanese Journal of Applied Physics (JJAP). From February 2015, online publishing on WEB site will be started. Papers accepted by the end of January in 2015, paper-based publishing will be performed. Those who wish to submit a paper to the Special Issues should follow the Summary Information for Contributors and Instructions for Preparation of Manuscript for JJAP

(<http://www.ipap.jp/jjap/authors/index.htm>).

The deadline for submission to the Special Issue is September 11, 2014.

Publication schedule for the JJAP Special Issues

2014

September 9-11: International Conference on Solid State Devices and Materials (SSDM 2014)

September 11: Deadline for submission of papers to the Special Issue (JJAP Publication Office)

Mid September: Starting of review process

2015

January 26: Closing of all review process

February: Beginning of online publishing

April: Paper-based Publication of the Special Issue (Vol 54, No 4)

IMPORTANT NOTICES

- (1) The paper submitted to the Special Issue should not have the text identical with one appeared in the SSDM2014 Extended Abstracts. The content of the paper should be original. **It should be noted that you are not eligible for submission to the JJAP without presentation at the conference.**
- (2) The submitted paper will be reviewed based on the JJAP standard for an original paper. All papers submitted are not necessarily accepted in the final review.
- (3) Note that the manuscript will not be included in the Special Issues, if the manuscript is not accepted for publication by the deadline for the Special Issue as a consequence of

revisions requested by referees.

(4) From February 2015, online publishing on WEB site will be started. When all papers are accepted until January 26 in 2015, paper-based publishing will be performed.

(5) The authors of invited papers are also welcome to submit any original part of their presentations. Note that above items from (1) to (4) are also valid in this case.

(6) The authors (or their institution) are requested to pay publication charge (10,000 JPY/page). See for details NOTES TO CONTRIBUTORS for JJAP. The invoice will be sent to authors by e-mail within two or three days after the online publication.

(7) Authors should read the contents of the following URLs carefully before submitting papers:

(a) General information: <http://jjap.jsap.jp/authors/index.html>

(b) Manuscript submission: <http://jjap.jsap.jp/special/ESubmissionSIssue.html>

Papers should be submitted on the web-based system. For online submission, authors are requested to register as a user.

(8) By the investigation of the publication office of JJAP, it was found that the number of referenced papers for JJAP is smaller than that for famous journals in the same field, such as J. Appl. Phys (28 refs. in average). Thus, the number of referenced papers in JJAP should be more than 30.

Please refer your own previous papers and other related papers, as many as possible, to make the difference between your new paper and other papers. It will improve the value of your papers.

Seiichiro HIGASHI, Hiroyuki KITA, Seiji AKITA,
Editor of the Special Issue for SSDM 2014

Shin-ichi TAKAGI,
Program committee chair
